OF THE WORLD'S GREAT BOOKS

—Illustrated in Color and Boxed—

RETAILED AT THIS REMARKABLY LOW PRICE

THE *Illustrated* MODERN LIBRARY has been created so that the booklover of modest means may acquire beautifully illustrated and designed books of enduring worth for his library. Imagine such noted artists as Thomas Benton, John Steuart Curry, Boardman Robinson and others, cooperating with America's best designers and book typographers to produce—at this remarkably low price—books that rank with the most expensive limited editions in design, typography and calibre of illustrations.

No two books look alike. Each is a creation in itself, interpreting in its format and in its illustrations the spirit of the text. All books are profusely illustrated with paintings, drawings, lithographs or woodcuts. They will be beautifully bound and individually boxed, stamped in 24 carat genuine gold.

Due to current shortages, the first printing cannot be as large as the demand we anticipate. If your bookseller is temporarily sold out, please be patient and leave your order for later delivery.

THE REGULAR MODERN LIBRARY SERIES NOW CONSISTS OF
293 TITLES—INCLUDING 68 "GIANTS"
AND THE NEW MODERN LIBRARY SHAKESPEARE
